Step 2: How to Set This Up in Under 5 Minutes

Follow this simple 3-step checklist to save your templates and launch your setup immediately:

- **1. Open the Access Link**
  Click on any resource link in the table above while signed into your primary Google or Canva account.
- **2. Save a Copy to Your Personal Account**
  When prompted on screen, click **"Make a copy"** (for Google Sheets/Slides) or

Sample pages from Access & Quickstart Guide Template. Get the full file at the NEXUS Digital Asset Store.

"Use template for new design" (for Canva). This automatically creates an editable version that is 100% private to you.

- **3. Organize and Start Creating**
  Move your newly created files into your preferred Google Drive folder or Canva project folder for quick access whenever you need them.

Support & Free Lifetime Updates

We want to ensure you have a seamless experience from day one.

- **Need Technical Help?** If you have trouble accessing your files or have any questions, reach out directly to Person or contact our support team at `support@yourdomain.com`.
- **Free Lifetime Updates Included:** Your purchase includes all future updates to these templates! Whenever we release improvements or extra features, re-visiting the master links above will always grant you immediate access to the newest version.
